OUR PHILOSOPHY

Chapter 4, Verse 38, of the Bhagavad Gita states “न हि ज्ञानेन सदृशं पवित्रमिह विद्यते” meaning, “There is no purifier in this world like the knowledge of the Self.”

As an educational institution, we have adopted this very line to convey that true knowledge contributes to building a pure character and the required competence for leading a life full of action.

A life full of action, built on the bedrock of Character, will help our students face the ups and downs of life with grit and determination.

OUR LIGHTHOUSE

VALUES

Rectitude,
Steadfast,
Service Orientation
& Gratitude.
No conceit,
No pretense,
No violence.

MISSION

To foster a synergistic relationship between
(a) character & competence
(b) academia & industry,
by engaging our stakeholders, resulting in a curriculum and pedagogy which is relevant, pragmatic and contemporary.

PURPOSEFUL VISION

To make
each of our students
Enterprising and
Ecologically sensitive.

न हि ज्ञानेन सदृशं पवित्रमिह विद्यते

NSBT BOARD OF GOVERNORS

Shri. Nandkishor Kagliwal
Chairman & Founder

Dr. Anil Kakodkar
Padma Vibhushan,
Nuclear Physicist

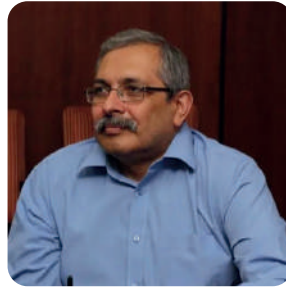

Dr. Narendra Jadhav
Eminent Economist,
Educationist, Public
Policy Expert & Writer

Shri. Sharad Saraf
Chairman of Governing
Board of IIT, Jammu
& IIT, Bombay

Dr. Partha Ghosh
Professor of Practice at
Tufts University, USA.
Chairman - The Boston Pledge

Dr. Devang Khakhar
Former Director
of IIT Mumbai

Dr. Amarlal Kalro
Former Director of
IIM Kozhikode & Provost,
Ahmedabad University

Dr. Ulhas Gaoli
Industrialist and
Social Entrepreneur

Dr. Satish Ailawadi
Visiting Professor,
MANAGE

Shri. Ankushrao Kadam
Chancellor, MGMU

Dr. Vilas Sapkal
Vice Chancellor, MGMU

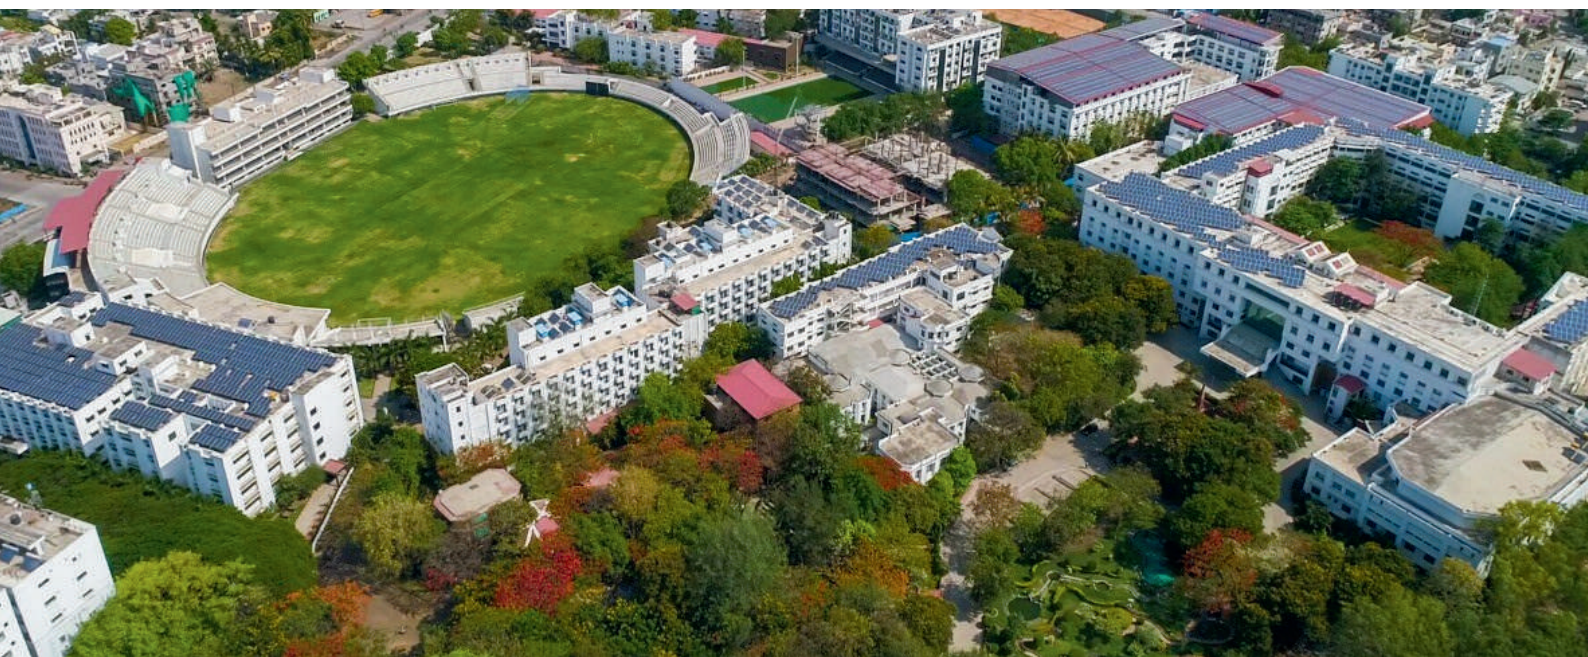

Dr. Ashish Gadekar
Registrar, MGMU

With a vision to impart quality education, Mahatma Gandhi Mission (MGM) Trust initiated a chain of institutions with a spectrum ranging from primary schools to postgraduate degrees. It has acquired the reputation of being one of the premier educational & health services charitable trust in India. During this journey, MGM Trust has established its mark over 6 campuses having over 70 colleges, Institutions and Centres of Engineering, Architecture, Medical, Nursing, Management, Computer Science, IT, Biotechnology, Science, Commerce, Fine Arts, Ceramic and Pottery, Performing Arts, Fashion Design, Mass Communication & Journalism, Fine Arts and Photography. It has established many incubation centres for students. The MGM Khadi unit is one of the best production and research centres for Khadi and Paithani sarees.

The MGM Trust continues its journey of imparting value-based services and creating global technocrats with its self-financed private “MGM University” launched at Chh. Sambhajinagar, Maharashtra with the approval of Government of Maharashtra.

CAMPUS & INFRASTRUCTURE FACILITIES:

The MGMU Campus boasts of state-of-the-art Sports Club, Swimming Pools, Gymnasium, Badminton Courts, Cricket Stadium, Rifle Shooting Range, Basketball Court, Kabaddi Ground, Kho-Kho Ground, Table Tennis Court, Chess Hall, Carrom Hall and Golf Club.

Nath School of Business & Technology (NSBT) is yet another “not-for-profit” social initiative* by us.

At NSBT, our vision is to create an exceptional multi-disciplinary, globally benchmarked academic institution for higher learning in academic partnership with Mahatma Gandhi Mission University. Our thoughtfully curated Technology & Management programs are unique, innovative and woven with Entrepreneurship.

Our Board of Governors features esteemed leaders from science, engineering, economics, management, and entrepreneurship. Led by Prof. Harsh Vardhan Jajoo, an industry veteran, our faculty is a blend of passion and experience.

Our curriculum is designed to interweave academia and industry, emphasising practical skills through live projects and industry interactions. Each programme benefits from the expert guidance of seasoned industry mentors and our robust industry engagement supports students in launching themselves.

NSBT is committed to delivering world-class education at an affordable cost and contribute significantly to societal development.

We look forward to welcoming you at NSBT, where education meets your aspirations.

Nandkishor Kagliwal
Chairman & Founder, NSBT

**Some of our other social commitments include Godavaribai Kagliwal High School at Hingoli, Nath Niketan Vidyalay at Paithan, Anand Ashram School at Chh. Sambhajinagar, Nath Valley School at Chh. Sambhajinagar and a unique experiment called Apna Club which has 15 chapters all over Marathwada with an objective to inculcate ethical values in the age group of 7 to 14 years.*

THE NSBT ENSEMBLE

Prof. Harsh Vardhan Jajoo
Director
FCA, AMP (HBS)

Dear Reader,

NSBT's thoughtful genesis is in the wisdom of Sant Eknath, an epitome of ethical values that have the potency to guide, inspire and sustain enterprises in this ever-evolving landscape.

Our uniqueness as a combined Business and Technology school offers students an optimised blend of education, crucial for navigating today's complex landscapes. This synergy, enriched by my corporate experience, positions us at a distinctive vantage point to reflect this vibrant interplay in our pedagogical approach.

The NSBT team consists of passionate and committed individuals, all dedicated to achieving our collective vision.

NSBT's Cutting-Edge Technology Offerings

At NSBT, we are committed to offering programs that are not just educational qualifications but gateways to your future. Our carefully curated Bachelor of Computer Application programs in Artificial Intelligence & Data Science, Cloud Technology & Information Security, and Digital Product Technology stand at the forefront of technological education. These leading programmes in BCA are probably the first in the region.

The programme curriculum has been put together very thoughtfully in collaboration with the eminent industry fraternity. Our courses are tailored to meet the demands of the most sought after sectors in today's era of technology. Whether you're dreaming of launching your startup or passionate about making a mark in the technology domain, our industry-centric programs are your stepping stone to success.

NSBT's Reimagined Management Programmes

NSBT takes pride in offering the most comprehensive Management programmes in the region, at both Bachelors and Masters level. The curriculum is a result of meticulous planning with contributions from leading figures in the industry.

We integrate disruptive technologies, real-world projects, internships, industry interactions and visits to ensure that our students are not just ready for today's challenges but are prepared to lead tomorrow's innovations. From gaining insights from widely acclaimed authors to hands-on experiences in the field, we provide an all-encompassing education that transcends traditional learning.

As per India AI, the AI market size reached \$ 680 million in 2022 and is expected to reach \$3.9 billion by 2028, with a CAGR of ~33% between 2023 and 2028. NASSCOM predicts that the demand for AI professionals in India will be over 1 million. This demand highlights the critical role of AI and data science in shaping future technological advancements and business strategies.

In this programme, the students get prepared to harness the power of AI and Data Science, transforming them into invaluable assets capable of unlocking innovative solutions and propelling businesses forward in the competitive global market.

This programme is the cornerstone for those aspiring to lead in the rapidly evolving landscape of technology and data science, shaping the future of how we live, work, and think.

“The combination of AI & real-time data will lead to a new generation of business models that will turbo-charge products, strategies and customer relationships.”

C O N T I N U O U S L E A R N I N G

Businesses and Governments are increasingly adopting cloud services for efficiency and scalability resulting in the demand for skilled professionals in Cloud Technology and Information Security (cybersecurity) growing significantly.

India's Cybersecurity market grew at a CAGR of ~30% during 2019-23 to reach USD 6 billion in 2023, much faster than the average for all occupations. DSCI (Data Security Council of India) estimates that country faces a shortage of about ~800k cybersecurity professionals & that cloud services will grow at a rate of ~34%.

This programme arms students with the expertise to architect & deploy cloud solutions and safeguard digital assets against evolving cyber threats. It's tailored for those eager to become the next generation of experts who will ensure the integrity and resilience of digital infrastructures in various sectors.

"Every kid coming out of school, thinks he can be the next Zuckerberg. These new technologies like cloud actually give them a shot."
- **Marc Andreessen**

"We shouldn't ask our customers to make a trade-off between privacy and security. We need to offer them the best of both. Ultimately, protecting someone else's data protects all of us."
- **Tim Cook**

C O N T I N U O U S L E A R N I N G

The Digital Public Infrastructure Universe has been expanding since the first Aadhaar number was issued. As per the Digital Public Goods Alliance (DPGA), there are 16 DPGs developed fully in India and 22 DPGs developed partially in India, which makes it 61% of the 54 registered DPGs.

Both the “Make in India” initiative and established businesses, are also accelerating product development and reducing time to market by relying on Digital Products.

The programme equips students with the skills to design and develop innovative digital solutions for today's complex challenges.

This programme is a gateway for those looking to make significant impacts through technology by bridging the gap between engineering excellence and practical application.

“IT for a long time has been about how do you make old processes more efficient but with all the progress in digital technology, there is a digital transformation that is occurring. And you see it with the explosion in the number of devices; you see it in the explosion in the number of applications.”
- Michael Dell

C O N T I N U O U S L E A R N I N G

Choosing management as a study stream can be a game-changer for students stepping out of school. It's a versatile field that offers broad knowledge and skills applicable in virtually every industry. Whether you're interested in technology, healthcare, entertainment, or starting your own business, management education provides the strategic thinking and leadership skills necessary to succeed.

Plus, it opens up diverse career paths, from project management to consultancy and beyond, giving you flexibility and numerous opportunities to find your niche and excel.

A minor in disruptive technologies enables students to be prepared for the challenges of the digital world.

"You are so important to our future that even though you may not need to make up your minds today about who you want to be, you do need to know how business, trade and industry work."

TEJAS is available on NSBT's YouTube channel

**Institutional Social Responsibility*

You are a product of the past. You are the cause of the future. **CHOOSE WISELY**

Chh. Sambhajinagar known for its historical significance and UNESCO World Heritage Sites, is also a burgeoning industrial hub which is further gaining momentum thanks to Shendra Bidkin (AURIC), DMIC, and Samruddhi Mahamarg.

With sectors like automotive, IT, pharmaceuticals, agri, optical fibre and packaging thriving, the city presents vast industrial potential.

It's this backdrop that NSBT leverages, offering industry-focused programs tailored to the needs of business by collaborating with local enterprises and incorporating real-world projects.

This synergy between NSBT's innovative curriculum and the city's industrial landscape positions students to contribute meaningfully to the region's development.

AN ODE TO NSBT

*In the heart of learning, where dreams take flight,
NSBT guides us, from dawn to night.
With values strong, in service we stand,
Building a future, hand in hand.*

*With rectitude and steadfastness, we pave our way,
Gratitude in our hearts, as we embrace each day.
Service-oriented, with a mission so clear,
Fostering character & competence, bringing industry near.*

*Enterprising spirits, ecologically aware,
Creating, innovating, with a flare to dare.
In classrooms and beyond, a pragmatic touch we find,
Nurturing minds and souls, leaving no one behind.*

*No conceit, no pretense, in our journey so bright,
With a sense of urgency, for the future we fight.
Energetic, enthusiastic, in new ways we thrive,
At NSBT, our dreams come alive.*

*So here's to NSBT, with a vision so grand,
Educating tomorrow's leaders, across the land.
In service and gratitude, our paths we carve,
For a brighter future, we're steadfast and sharp.*

NSBT fulfils a long-felt need of Marathwada.
