MGM University, established by the Mahatma Gandhi Mission Trust, is a self-financed State University approved by the Government of Maharashtra under Maharashtra Act no. XXVI of 2019. It has also been accorded the (2)f Status by UGC India. The first private University of Marathwada region, MGM University aims to provide world-class education in diverse fields of science and technology, social sciences and arts, management, design and pharmaceutical science under one roof. The University has set up robust research facilities in the form of advanced laboratories which allow students to learn by doing actual research and projects under the highly qualified faculty of the University.

Spread on a the lush green campus of over 72 acres at the heart of the historic city of Chhatrapati Sambhajnagar, MGM University has a strong focus on research and has established 120+ advanced laboratories to offer research and experiential learning opportunity to its students. The University has also set ultramodern sports facilities like a magnificent cricket stadium, an Olympic-size swimming pool, lawn tennis, badminton, shooting ranges, table tennis, gymnasiums to ensure an all-round development of the students.

UNIVERSITY DEPARTMENT OF PHARMACEUTICAL SCIENCES

Inspired by the noble vision of our esteemed Chancellor Shri. Ankushrao Kadam to provide research-based, innovation-oriented education. MGM University established the University Department of Pharmaceutical Sciences (UDPS) in 2023. The Departmental programs are approved by Pharmacy Council of India (PCI). Our core mission is to provide education, training and research opportunities to the students of Pharmaceutical Sciences. At the same time, the department also aims to explore the possibilities of collaborations with government institutions and private pharmaceutical industries for the larger social welfare.

Nestled within the green and serene campus of MGM University, UDPS offers Diploma in Pharmacy (D. Pharm.), Bachelor of Pharmacy (B. Pharm.), DSY (B. Pharm.) and Ph.D. programs. Equipped with top-notch educational facilities, cutting-edge research infrastructure, and advanced ICT educational tools, department is supported by highly qualified and experienced faculty. Embracing the philosophy of 'Learning by Doing,' we employ project-based, research-based, and problem-based learning methods, empowering our students with practical skills. Regular industry visits, internships and project work provided by the department makes our students truly industry-ready.

At UDPS, we foster a multidisciplinary approach to education, encouraging students to think innovatively by integrating knowledge from diverse fields. Our industry-oriented syllabus, developed by PCI in collaboration with subject experts and researchers, shapes our students into highly sought-after professionals. Join us on this transformative journey, where excellence in Pharmaceutical Sciences is nurtured and future leaders are developed for the benefit of humanity.

VISION

Become a leader in pharmaceutical education and research, committed to improve the health of all sections of society.

MISSION

UDPS is committed to

- To provide world class education in pharmacy as per the guidelines of Pharmacy Council of India, New Delhi with a focus on the need of the industry as well society.
- To develop professional expertise in pharmaceutical sciences and technology
- To effective implementation of Outcome-based Education for enhancing standards of education and research in the pharmaceutical sector.
- To promote health and well-being of society through holistic education

ACADEMIC PROGRAMS
